

Fresh

A.B.H.C.™ Instant Hand Sanitizer

Safetec's Fresh Scent Instant Hand Sanitizer *kills 99.99% of germs in 15 seconds without the use of soap and water!*

Safetec A.B.H.C.™ evaporates completely with no rinsing required, and contains aloe vera to add moisture with each use, thus encouraging frequent hand washing to aid in reducing the risk of cross-contamination. Use to help meet OSHA, APIC and CDC hand washing guide lines in the absence of soap and water.

Convenient packaging options, like the new 25ct. and 144ct. dispenser boxes, are great for first aid kits, the office, purses, lunch bags, hospitals, travel, workshops and more!
